Subject: Request for access to information DAI-2025-0496

Hello,

This letter is in response to your request received on October 21, 2025, stating:

"I would like to know the date the pylon was removed and the date the wires were removed that hold a servitude on my property that prevents me to build a home. The wires were running over my land which stopped me from building. I would like to know what is the date of the 10 years this servitude will expire and allow to me to build if not in use." (Full transcript)

We have analyzed your request. Please find attached a copy of the bulletin explaining the scope of the dismantling of lines 1201–1202, as well as the dismantling notice that indicates December 7, 2023, as the date of acceptance of the work. Only the signatures of Hydro-Québec employees have been removed, as this is confidential information concerning our staff that we cannot disclose. For that reason, we invoke sections 53, 54 and 59 of the *Act respecting Access to documents held by public bodies and the Protection of personal information*.

You may request that this decision be reviewed by the Commission d'accès à l'information. A note outlining the process is attached, along with the sections of the law referenced above.

Yours truly,

Sébastien Dutil
Advisor – Governance and Access to Information
